

ILIA\OPPMKR

Venture Wingmen Powered by ILIA Corporation & Ghiabi Network

For more information please visit www.ILIA-OPPMKR.com

Why?

ILIA\OPPMKR raison d'être is simple – delivering professional innovation through the power of knowledge combined with action. We exist to enable. The more we enable, the happier we are. Our success is measured not only in profit and sales, but in growth of our clients, our brand equity, and our problem solving impact. We are united to change how vast majority of smaller organisations/groups work in Iran. To empower them to discover their full potential.

Who?

ILIA\OPPMKR is designed for discerning international organizations interested to enter Iran tech and startup community as well as Iranian groups of talents, professionals, managers and organizations who favour innovative hands-on consulting solutions for running and starting businesses or projects rather than conventional “monkey see, monkey do” and “reinventing the wheel” methods.

What?

Founded on a deeper understanding of Iran business environment in April 2016, ILIA\OPPMKR is a partnership of ILIA Corporation and OPPMAKR –aka. Ghiabi Network, which specializes in professional business solutions and hands-on consulting.

How?

ILIA\OPPMKR provides teams to work beside its clients as well as training, analysis and facilitation around running or initiating businesses or projects. In return we charge an affordable consulting fee and profit/equity share on the basis of our involvement agenda. We also offer limited pro-bono services to select clients with powerful brands or networks.
